Sprucing up the Property

A small group of volunteers worked at the Larsmont Little Red Schoolhouse on August 7 to paint portions of the new porch and stain the inside of the new outhouse.

Bolen Construction complete demolition then reconstruction of the new porch, including ramped handicapped access, during the week of August 2. Made of green-treated lumber, most of the new porch will be allowed to weather over the next couple of years. The volunteers primed and painted the new columns on the porch.

Also during the volunteer day, much of the underbrush and wild growth around the property was removed to better expose the Schoolhouse. Some obstructing trees and overgrown bush were removed by chainsaw. Bark's Tree Service was kind enough to volunteer pickup and chipping service to remove the cut growth.

The community is invited to see the new porch and walk the property during the annual Larsmont Community Club Picnic on Monday, August 30, beginning at 5 p.m.
